POTHIGAAI TVS

The company was born in 1911, thanks to the ambitious dreams of the founding father, TV Sundaram Iyengar, who refused to settle managing smaller businesses like bus fleet operations or vehicle servicing. He wanted to build a business that would create a family of like-minded individuals pursuing only the best in quality and standards. And he made his dreams a reality.

The success of the TVS group is rooted in their founder's personal belief system a commitment to the values of trust and customer service. Although the company is named after the founder, the letters TVS have always stood for Trust, Value, and Service within the company.

This remains the guiding, overarching philosophy by which the group functions. It was only natural that success and market leadership followed. Today, the TVS Group is one of India's leading suppliers of automotive components, with over 90 Companies under its umbrella and a revenue of around INR.59400Cr in 2017-18. The first four companies in India to have won the coveted Deming Prize are from the TVS Group.

DELSEY

PARIS

THE FRESH LUGGAGE BRAND
SINCE 1946

@ Brookfields Mall, Coimbatore

DELSEY PARIS

In 1911, the DELAHAYE institution specialised in making leather camera cases and protective boxes for typewriters and phonographs. They had a reputation for expertise and solid, well-finished pieces made to a high standard. In 1946, this French company joined hands with SEYNHAEVE to create DELSEY, a blend of the two partners' names. The aim: create an innovative, modern, practical range of luggage for first time travellers looking for adventure.

That was the start of a creative buzz which led to innovative new products that would transform the luggage industry and earn the brand more than 70 awards and patents. In 1970, DELSEY was the first to provide tough luggage with a hard shell offering better protection for travellers' belongings. In 1972, they had the wheels on the hard shell suitcases brainwave! That was a major innovation changing the way that people use their luggage. More freedom, more ease of use: DELSEY's signature luggage is born and, with it, a whole new way of travelling.

For 70 years DELSEY has used its flair to marry tradition with innovation, elegance with modernity and design with practicality. And as a result our luggage keeps getting lighter, better fitted and more environmentally friendly. Enabling our customers to travel elegantly and limiting any negative impact on the environment.
